DIAMONFIRE®

2026 / 27 COLLECTION

The new Diamonfire® ‘Lumina’ collection

Designed to shine from day to night, the Diamonfire® collection blends timeless sophistication with modern style.

Each piece features Diamonfire® cubic zirconia stones, cut and polished to mirror the brilliance of a genuine diamond, and set in sterling silver with triple plating in palladium, platinum and rhodium, or 24ct gold for lasting brilliance.

Embracing a new evolution of its signature sparkle, Diamonfire® introduces a radiant selection with a fresh burst of colour. From the luminous aqua tones inspired by Paraiba tourmaline to the soft warmth of morganite, and clear stones in both classic and contemporary cuts, including the striking new cluster designs, each piece captures refined glamour with effortless elegance.

Presentando la nuova collezione Diamonfire® ‘Lumina’

Progettata per brillare sempre dal giorno alla notte, la nuova collezione Diamonfire® unisce l’eleganza senza tempo a uno stile moderno e raffinato.

Ogni creazione è impreziosita da pietre in cubic zirconia Diamonfire®, tagliate e lucidate per riflettere la stessa brillantezza di un vero diamante, e incastonate in argento sterling con tripla placcatura in palladio, platino e rodio, oppure in oro 24 carati per una lucentezza duratura.

Celebrando una nuova evoluzione della sua inconfondibile brillantezza, Diamonfire® presenta una selezione radiosa con un tocco fresco di colore.

Dalle tonalità blu iridescenti ispirate dalla tormalina Paraiba, dalla delicata luminosità della morganite, fino alle pietre trasparenti in tagli classici e contemporanei, inclusi i nuovi straordinari design a grappolo, ogni gioiello ingloba un glamour raffinato e un’eleganza naturale e senza sforzo.

Crafted for diamond-like brilliance

Across our carat lines and throughout the collection, Diamonfire® cubic zirconia stones are precision cut to the same standards as a brilliant-cut diamond and measured in carat equivalents. They offer a high-quality, sparkling alternative to real diamonds.

All pieces are crafted from premium 925 sterling silver and finished with triple plating in palladium, platinum and rhodium, or in 24ct gold, ensuring lasting shine and excellent tarnish resistance.

Realizzati con una brillantezza simile a quella del diamante

In tutte le nostre linee di carati e in ogni collezione, le pietre in cubic zirconia Diamonfire® sono tagliate con la stessa precisione e secondo gli stessi standard di un diamante taglio brillante, e misurate in equivalenti carati. Offrono un'alternativa di alta qualità e un eccezionale splendore dei diamanti naturali.

Ogni gioiello è realizzato in argento sterling 925 e rifinito con una tripla placcatura in palladio, platino e rodio, oppure in oro 24 carati, garantendo una lucentezza duratura e un'eccellente resistenza all'ossidazione.
